Helpful Terminology

Genentech: The maker of the medicine your doctor wants to prescribe. Genentech is committed to helping patients get the medicine their doctor prescribed. When used on this form, "Genentech" refers to Genentech, the Genentech Patient Foundation, and their respective partners, affiliates, subcontractors and agents.

MySMA Support™: Your support team at Genentech that works with your doctor and your health insurance plan to help you understand your insurance coverage and get your prescribed Evrysdi medicine. The Genentech MySMA team includes your Case Manager (CM), specialty pharmacy, and a Partnership and Access Liaison (PAL).

Please keep in mind that PALs are not part of your medical team, do not provide medical advice and are not substitutes for your health care provider. Your health care provider should always be your main resource for any questions about your health and medical care.

Evrysdi Bridge Program Terms and Conditions

The Evrysdi Bridge Program provides eligible, insured patients who are experiencing an insurance coverage determination delay with one free ~30-day supply of Evrysdi. If the patient experiences a persistent insurance coverage determination delay, the patient may be eligible for one ~30-day refill of Evrysdi. Participation in the Bridge Program is not contingent on any past or future purchase and does not obligate use or continuing use of any specific product. If the patient has received free product via the Starter Program, the patient may not participate in the Bridge Program. Requests for the Evrysdi Bridge Program cannot be processed without completed and signed Bridge Program Request Form, which includes: 1) Evrysdi Bridge Prescriber Service Form and 2) Patient Bridge Consent Form. Patients must be prescribed Evrysdi for a valid FDA-approved indication. Neither the prescriber, the pharmacy, nor any patient receiving free medicine via the Evrysdi Bridge Program may seek payment, reimbursement, or credit for any part of the benefit received by the patient through this offer from any insurer, health plan, or government program.

The Evrysdi Bridge Program cannot be counted towards any out-of-pocket costs under any plan (such as true out-of-pocket cost under a Medicare Part D prescription drug plan). The Evrysdi Bridge Program Enrollment Team may notify the patient's insurer that the patient is receiving a free supply of medicine from the Program. Prescribers may not advertise or otherwise use the Program as a means of promoting their services or Genentech's medicines to patients. This Program is void where prohibited by law and may not be used in or by residents of restricted states, where applicable. The free supply may not be sold, purchased or traded or offered for sale, purchase or trade. This Program is not a benefit plan. Genentech reserves the right to rescind, revoke or amend the program without notice at any time.
